There's no transfer fee, and we take care of all the paperwork. Your other credit card accounts will not be closed (even if you transfer the entire balance). If you want to close an account, please contact the credit card company directly. You should continue to pay minimum monthly amount due on your credit card balances until the transferred balances are credited to your other accounts, which may be after the transferred balance appears on your BayPort Mastercard statement. Allow four weeks for balances to be transferred. Any amount currently in a billing dispute should not be transferred, as you may lose your dispute rights. BayPort Credit Union Mastercard does not assume responsibility for late payments, finance charges or disputed amounts on other accounts. Neither BayPort Credit Union, Mastercard or Equifax have any liability for not transferring any balances which exceed your credit line. The Balance transfer program may not be utilized to make payments on any BayPort Credit Union Credit Card account or other BayPort Credit Union loan. Balance transfers do not earn ScoreCard Bonus Points. Balance transfers will post as cash advances.
